SUMMARY

I am a manager and privacy professional with a proven track record of consistently winning high levels of business within a competitive marketplace.

CAREER HISTORY

July 2018 – Today: Privacy Professional (level “Expert”) at ANORC Professionals. As Privacy Professional I manage, coordinate and supervise the correct management and data protection activities within the customer’ companies and organizations, outlining and implementing privacy and appropriate security measures. When I play the role of DPO (Data Protection Officer), I am the contact person in the case of assessments and controls by the Guarantor Authority and I support all the company departments responsible for creating a privacy impact assessment (PIA).
